

CLIENT: SKYLINER SPORTS CENTRE, BURY ST EDMONDS
SOLUTION: TARAFLEX[®] MULTI-USE 6.2, TARAFLEX[®] SPORT M PERFORMANCE

Gerflor's Taraflex[®] Multi-Use 6.2mm Wood Black vinyl sports flooring was used to in the studio areas and their Taraflex[®] Sport M Performance Terracotta was installed in the main sports hall. "

Oliver Hall, Managing Director,
RW Hall Flooring

The Sybil Andrews Academy on the outskirts of Bury St Edmonds is a glowing example of how a stunning bespoke design can deliver a functional and inspiring place for students and staff alike.

The multi-million project includes sports facilities that are shared with the community together with delivering the expanding Moreton Hall Estate with a much-needed sports centre. The new resource includes a six-court sports hall, gym and an activity studio to be used jointly by the school and the wider community, with separate changing facilities, entrances and offices for each. As with all quality new builds the flooring element for the sports areas would have to be of the highest quality possible.

It would provide international flooring specialist Gerflor with an opportunity to show case their world-class Taraflex[®] vinyl sports flooring.

“ We’ve been very pleased with the Gerflor Taraflex[®] sports flooring, since we opened earlier this year. We were also very impressed with the installation process which was efficient and professional and we wouldn’t hesitate in recommending Gerflor Taraflex[®] sports flooring again. ”

Kate Crouch, Manager, Skyliner Sports Centre
